Client Command Nearly Triples Office Space

Cumming, GA (May 2017) – Client Command, the automotive marketing leader in turning active car shoppers into real customers, is proud to announce the grand opening of their new expanded office space.

Since 2014, Client Command has experienced tremendous success, with revenue gains of more than 45%, a staff that has tripled in size, and the need to increase their office space from 4,800 sq. ft. to 13,200 sq. ft. to accommodate their new employees. In addition to their substantial growth, the company has also amassed a long list of accolades, capped by being named to the Inc 5000 Fastest Growing Companies list this year, three Hermes creative awards, and a recent naming of being one of the Atlanta areas best places to work by the Atlanta Business Chronicle.

“We are thrilled with the success we’ve seen in the last two years, not just on the revenue side, but also in our ability to move into a larger office space here in Atlanta and employ local talent that believes in our value-driven culture,” said Jonathan Lucenay, CEO of Client Command.”

An open house to tour the new space and showcase it to Client Command employee family and friends is schedule for June 27, 2017 from 5pm ET to 7pm ET.

To find out more about Client Command or inquire about additional details for the open house, please visit www.clientcommand.com.
